MASTER IN MANAGEMENT

TAUGHT IN ENGLISH

Accredited by "The Conférence
des Grandes Ecoles" (CGE)

THE MASTER IN MANAGEMENT - GRANDE ECOLE PROGRAMME is open to students with a non-French bachelor degree. It is delivered in France (Lille, Paris and Sophia Antipolis campuses), the USA (Raleigh campus), China (Suzhou campus) and Brazil (Belo Horizonte campus). SKEMA's Master in Management diploma is recognised by the French State and endorsed as *Master*. It is 26th in the Financial Times Master in Management worldwide 2016 ranking.

MASTER 1 FIRST YEAR ADVANCED BUSINESS MANAGEMENT AND GLOBAL BUSINESS ENVIRONMENT

Students will study **Advanced Business Management** in the first semester. Courses are taught in English and help the student develop a deeper understanding of business management principles. The student may then choose either to pursue his studies with **Global Business Environment**, which provides an opportunity to develop international experience through a clearer grasp of global business dynamics and expectations, or undertake an international mission.

An international mission during the second semester allows students to apply skills learnt in the first semester within a global context. The work placement, four months minimum, takes place either in a company based outside the student's own country of origin or within their home country if the mission is considered to have an international dimension.

At the end of the Master 1, all students may undertake a company placement of three months.

GAP YEAR

An optional work placement is possible either in M1 or in M2 as shown in the schema opposite (two placements of six months maximum) enabling students to identify their career plans, gain insight into the workings of a company and thus choose their final year specialisation.

MASTER 2 SECOND YEAR SPECIALISATION AND CAREER START

During their final year, students have the opportunity to fine tune their profile and acquire specialised knowledge.

The chosen specialisation and post-study work experience placement are designed to help the student successfully join the business world. Final year courses are taught in English except for dual track specialised programmes taught at SKEMA.

Options available in Master 2 include:

- ▶ Studying an MSc or postgraduate programme (Specialised Master - MS) for the chosen specialisation (over 22 specialisations)
- ▶ Choose from the dual track programmes on offer (leading to prestigious exams such as the *Chartered Financial Analyst- CFA*)
- ▶ Studying on one of our international campuses
- ▶ An academic exchange or double degree with one of our foreign partners
- ▶ An international work placement

final year in 2013-14,
from Romania*

“The customisable curriculum and wide range of courses have given me the opportunity to grow in a dynamic environment in the heart of Paris's business district and, consequently, to get a taste of French business culture.

The multicultural environment and interaction with diverse and international students and faculty has been great!

In addition, the mix of theoretical classes in strategy, web-based courses in management accounting, practical team projects such as business games, and the international internship have helped me acquire the necessary skills to successfully launch my career in a competitive professional environment.

This has made a decisive impact on my career path, helping me to develop business acumen and providing me with the international dimension I was seeking.”

PRACTICAL INFORMATION

► Students from the European Union

In order to live in France, students need an identity card or passport. They don't need to apply for a residence permit.

► Non-European students
